Interviewer:

- We may be living in a digital world but the sales of vinyl albums have skyrocketed in the past couple of years. What can you tell us about this upswing in vinyl's popularity?

Music commentator:

- It's true vinyl sales hit almost 50 million sales in 2023. However, you wouldn't believe what I'm about to tell you. But it's actually based on a survey. The ones who purchased a vinyl record in 2022 admitted that they don't even own a record player.

Interviewer:

- What are they buying it for, if not for playing then?

Music commentator:

Interviewer:

- It sounds eccentric. strange /weird/ unusual tuhaf

- (A) The best-selling albums in US history are currently available in vinyl form, such as Michael Jackson's *Thriller*.
- (B) Most music lovers will tell you vinyl sounds better than digital music, but its audio quality compared to that of CDs is hotly debated.
- (C) Well, they simply show their allegiance to their favourite artist or just use the record as an interior design item.
- (D) Vinyl fans are also interested in old-fashioned record players that remind them of their teenage years.
- (E) I know some vinyl collectors have donated thousands of records to music houses for public use.

69.

68-71 : For these questions, choose the best rephrased form of the given sentence.

Our rapidly expanding population and economies have placed enormous demands on the world's resources, which has aggravated habitat destruction and environmental pollution.

- (A) As the world's resources have been pushed to their limits due to our exponentially-growing population and economies, habitat destruction and environmental pollution are threatening us more seriously.
- (B) The world's resources are heavily burdened with our population and economies that have been booming, and therefore habitat destruction and environmental pollution have become much worse.
- (C) Habitat destruction and environmental pollution have become the inevitable results of the overexploitation of the world's resources, triggered by our population and economies that have grown considerably.
- (D) The world's resources are being used excessively to satisfy our huge population and economies; as a result, we now have to cope with significant problems such as habitat destruction and environmental pollution.
- (E) Given that our population and economies have grown substantially, we should curb our increasing reliance on the world's resources so as to tackle the high rates of habitat destruction and environmental pollution.

74.

72-75 : For these questions, choose the best option to complete the missing part of the passage.

Shyness is not a condition that necessarily needs to be cured. It is quite normal to feel shy in certain situations, and generally it does not cause any real problems. However, if shyness causes higher than normal levels of anxiety, triggers depression, or has a noticeable impact on quality of life, then this could be social anxiety, which should be treated by a psychological professional. ---- This may be because they are struggling at work when it comes to engaging with co-workers or clients, or maybe they want to be able to socialise without the worry.

- (A) Therefore, shy people avoid unfamiliar situations in which they could feel uncomfortable or inept.
- (B) However, these external influences will inevitably impact on how people view their own shyness.
- (C) Many people facing this situation generally seek help to overcome their shyness and improve their communication skills.
- (D) Moreover, it can greatly help patients to understand the key drivers behind their shyness.
- (E) Feeling shy in meetings, for example, may be a deep-seated fear of saying the wrong thing in front of colleagues.

76.

76-80 : For these questions, choose the irrelevant sentence in the passage.

(I) The most common feature of any breathing-related sleep disorder is interruption of a person's sleep, leading to excessive daytime sleepiness. (II) When the regular night-time sleep of individuals is frequently interrupted, sleepiness at other times of the day is the usual result. (III) People with breathing-related sleep disorder often find that they feel sleepy during relaxing activities such as reading or watching a movie. (IV) However, breathing patterns, including episodes of snoring and apnoea, can only be evaluated when the patient is connected to a device. (V) With extreme cases, those with this condition may feel so sleepy that they fall asleep during activities that require alertness, such as talking, walking, or driving.

- (A) I
(B) II
(C) III
(D) IV
(E) V
