Identity theft and identity fraud are terms used to refer to all types of crime in which an individual wrongfully obtains and uses another's personally identifiable information in some way that involves fraud or deception, typically for economic gain. The terms identity theft and identity fraud are used interchangeably. Identity fraud is the umbrella term that refers to a number of crimes involving the use of false identification, though not necessarily using another person's identification -- -- Identity theft as a form of fraud may directly affect the life of the victim whose identity is stolen, in addition to defrauding that person as well as third parties.

- A Identity theft is the specific form of identity fraud that involves using the personally identifiable information of another individual.
- B Victims of identity theft should immediately contact the creditors and financial institutions that have been impacted by the fraud.
- C These actions facilitate other crimes; for instance, identity theft may enable crimes such as bank fraud, or immigration fraud.
- D Financial identity theft occurs when an identity thief accesses a victim's bank accounts and credit or debt account records.
- E There are two types of identity theft that not only impact victims' finances, but also carry potentially life-threatening consequences.
